

AN INSIDE LOOK AT SOME OF OUR FINEST QUALITIES.

Natural alderwood handle
is lightweight, durable
and sweat absorbent

Metal ferrule
is strong and rust resistant

Reinforced nails
secure brush head
through 3 contact points

Aluminum bridge
strengthens brush head
through 2 contact points

Bolstered epoxy
locks in filaments and bristles

Internal chisel
allows for even paint flow

Wood plug
creates reservoir to hold
more paint

Filaments and bristles
are flagged for better
pickup, smooth release
and easier cut-ins

IT'S EASY TO SEE WHY PROS PREFER

Purdy
PROFESSIONAL PAINTING TOOLS

**It's not hard to understand
how Purdy® became the
#1 Brand Preferred By Pros.***

At Purdy, we use only the finest raw materials and craft each brush by hand for unparalleled results and lasting quality. The innovative process behind our roller covers results in exceptional performance, too.

Our expert brushmakers
sign every brush with
an iconic yellow sticker.
